Administrative Requirement Notice

1. A double patenting administrative requirement is not being required by the examiner in the instant application since the examiner has independently conducted a double patenting analysis of the claims in the instant application.

Also, as indicated by the Applicant (Remarks page 7), the Applicant has amended the claims language sufficiently adequate to overcome double patenting issues has been raised by the Examiner during the interviews.

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Regarding independent claim 239, the Applicants have agreed to invoke 35 U.S.C. 112, six paragraph by added the language "step for" to all limitations of the claim. Therefore, the prior art of records do not show the combination limitations of a method, which invoked 35 U.S.C. 112, sixth paragraph and as specifically claimed and defined in the specification.

Other claims are allowed because they depend on the independent claim.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
